Re: Oak Park Reclaimed Water Services

Armando,

The following estimate includes **prevailing wage** labor, equipment and materials to construct two (2) 2-inch reclaimed water services. This estimate is based on past projects but costs may fluctuate due to conditions encountered in the field. We are providing two bid items but the project is bid lump sum and it is assumed that both projects can occur simultaneously. This estimate includes one (1) mobilization. Refer to the following scope of work and list of exclusions when reviewing this estimate.

Scope of Work

Bid Item #1: Deerhill

- 1) Assist in pulling one (1) Ventura County Transportation encroachment permits. **Note:** permit fees and engineering are not included if required.
- 2) Mobilize equipment and crew and furnish materials.
- 3) Provide traffic control and trench protection for work in the road.

- 4) Sawcut, remove approx. 60SF of asphalt trench and one (1) side walk panel. Includes Tee patch grind and cap. **Note:** moratorium conditions are not included if required. Rubberized asphalt is not included at this time if required.
- 5) Construct one (1) 8x2-inch hot tap and one (1) 2-inch reclaimed water service. **Note:** the existing meter box shall be re-used and a new purple box cover shall be provided and installed. Includes 2-inch courtesy stub out past the sidewalk but tie in and extension is not included.
- 6) Abandon one (1) existing 2-inch water service tee and relocate the meter box.
- 7) Sand bed, slurry backfill in street, backfill and compact with native material on the shoulder and in planter and haul away spoils.

Estimate Bid Item #1: \$19,796.00

Bid Item #2: Double Tree

- 1) Assist in pulling one (1) Ventura County Transportation encroachment permits. **Note:** permit fees and engineering are not included if required.
- 2) Mobilize equipment and crew and furnish materials.
- 3) Provide traffic control and trench protection for work in the road.
- 4) Sawcut and remove approx. 60SF of asphalt and one (1) side walk panel. Includes Tee patch grind and cap. **Note:** moratorium conditions are not included if required. Rubberized asphalt is not included at this time if required.
- 5) Construct one (1) 8x2-inch hot tap and one (1) 2-inch reclaimed water service. **Note:** the existing meter box shall be re-used and a new purple box cover shall be provided and installed. Includes 2-inch courtesy stub out past the sidewalk but tie in and extension is not included.
- 6) Abandon one (1) existing 2-inch water service tee and relocate the meter box.
- 7) Sand bed, slurry backfill in street, backfill and compact with native material on the shoulder and in planter and haul away spoils.

Estimate Bid Item #1: \$17,354.00

Bid Item #1 and #2 Estimate: \$37,150.00

Exclusions

- 1) Permits, bonds and or fees, special conditions.
- 2) Overtime or holiday pay.
- 3) Saw-cut, removal and replacement of asphalt and concrete not stated in scope. Rubberized asphalt or slurry seal.
- 4) Landscape protection or replacement. Tree pruning or protection.
- 5) Survey or engineering. Compaction tests or fees.
- 6) Construction water shall be provided with no costs to Travis Ag.
- 7) Heavy rock or high ground water shall be handled on a T&M basis.
- 8) Additional mobs or division of scope may incur additional costs.
- 9) Additional costs due to unforeseen obstructions, unmarked or improperly marked utilities or changes in the scope of work.

All workmanship is guaranteed for one (1) year from completion. Our workers are covered by general liability and workers compensation insurance. Please do not hesitate to contact me if you have any questions or if I can be of further assistance.

Respectfully,

Jack McCormick
