

Stage 1 Water Supply Shortage

Water Conservation Measures: The following water conservation requirements apply during a declared Stage 1 Water Supply Shortage:

1. **Limits on Watering:** Watering or irrigation of lawn, landscape or other vegetated area with potable water is limited to 3 days per week. During the months of November through March, watering or irrigation of lawn, landscape or other vegetated area with potable water is limited to no more than 2 days per week. This provision does not apply to landscape irrigation systems that exclusively use very low-flow drip type irrigation systems when no emitter produces more than 2 gallons of water per hour. This provision does not apply to use of a hand-held bucket or similar container, a hand-held hose equipped with a positive self-closing water shut-off device, or for very short periods for the express purpose of adjusting or repairing an irrigation system.
2. **Obligation to Fix Leaks, Breaks or Malfunctions:** All leaks, breaks, or other malfunctions in the water user's plumbing, distribution, or irrigation system must be repaired within seventy two (72) hours of observation and notification by the District.
3. **Use only recycled water for construction site dust control, consolidation of backfill.**
4. **Other Prohibited Uses:** The Board of Directors may implement other prohibited water uses as determined by the District after notice to customers.

Stage 2 Water Supply Shortage

Conservation Measures: In addition to the prohibited uses of water identified in Section VI, the following additional water conservation requirements apply during a declared Stage 2 Water Supply Shortage:

1. **Limits on Watering:** Watering or irrigating of lawn, landscape or other vegetated area with potable water is restricted in accordance with the allotments in the latest version of the Triunfo Sanitation District Oak Park Water Shortage Contingency Plan (Water Shortage Contingency Plan). Watering or irrigation of lawn, landscape or other vegetated area with potable water is limited to 2 days per week. During the months of November through March, watering or irrigation of lawn, landscape or other vegetated area with potable water is limited to no more than 1 day per week. This provision does not apply to landscape irrigation systems that exclusively use very low-flow drip type irrigation systems when no emitter produces more than 2 gallons of water per hour. This provision does not apply to use of a hand-held bucket or similar container, a hand-held hose equipped with a positive self-closing water shut-off device, or for very short periods for the express purpose of adjusting or repairing an irrigation system.
2. **Obligation to Fix Leaks, Breaks or Malfunctions:** All leaks, breaks, or other malfunctions in the water user's plumbing, distribution, or irrigation system

- must be repaired within forty eight (48) hours of observation and notification by the District.
3. No filling, cleaning and/or refilling of decorative fountains, ornamental lakes or ponds except to the extent needed to sustain aquatic life, provided that such animals have been actively managed within the water feature prior to declaration of this supply shortage stage.
 4. Residential car washing prohibited. Use car washes available with water recycling systems.
 5. The filling or topping off of any new or existing residential pools or outdoor spas is prohibited.
 6. Planting of new turf grass is prohibited.
 7. Outdoor evaporative mist coolers are prohibited.
 8. Main line flushing is allowed for emergency purposes only.
 9. Other Prohibited Uses: The District may implement other prohibited water uses as determined by the Board of Directors, after notice to Customers.

Stage 3 Water Supply Shortage – Emergency Condition

Additional Conservation Measures: In addition to the prohibited uses of water identified in Sections VI and VII the following water conservation requirements apply during a declared Stage 3 Water Supply Shortage Emergency:

1. Limited Watering or Irrigating: Watering or irrigating of lawn, landscape or other vegetated area with potable water is restricted in accordance with the allotments in the Water Shortage Contingency Plan for residential customers.
